## SUITS RESULT OF CROSSING MISHAP

Total Damages Asked of C. I. & W.  
as Outgrowth of Accident  
Oct. 28 Amount to \$31,850

### THREE CASES BY CARY CROSS

Plaintiff Demands \$10,300 For Death  
of Each of His Children—Ed  
Woods to Ask \$10,300

The Cincinnati, Indianapolis and Western Railroad was made defendant today in three law suits and the fourth will be filed tomorrow, in which a total of \$31,850 damages are sought by the parents of the three young people who were killed at the Perkins street crossing in this city on the night of October 28.

The three suits filed late today were brought by Cary Cross, father of Marie and Russell Cross and \$10,300 damages is asked in each for their death. The other suit filed by Mr. Cross asks \$950 damages for the destruction of the automobile in which the three persons were riding.

Ed Woods, father of Glen Woods will also file suit or \$10,300 some time Thursday, it is expected.

Mr. Cross is represented in the three complaints by Chauncey W. Duncan, and Mr. Woods will be represented by John A. Tittsworth.

In the suits for damages for the deaths of the two Cross children, it is alleged that the railroad company operated the evening train due here at nine o'clock, in a careless, unlawful, reckless and negligent manner, failing to sound a whistle, bell or other signal means to announce their approach, at a sufficient distance from the crossing.

Each complaint is brought out in two paragraphs. The first complaint seeks \$10,000 or damages for each person's death, and \$300 for funeral expenses incurred by the family. The second paragraph alleges unlawful operation of the train, stating that it was operated at a speed of from 25 to 35 miles an hour, contrary to a city ordinance.

This portion of the complaint cites a city ordinance as passed by the council on January 21, 1902, in which the speed of locomotives, traction cars and all moving vehicles is placed at 15 miles an hour.

A further citation of the ordinance is given in which the engineer, conductor or person in charge of the moving object, may be fined upon conviction, not more than \$100.

Mr. Cross states in his complaints

## HAROLD WARD SENT TO THE REFORMATORY

Young Man Who Left Here Hurriedly  
With \$8 Taken From Windsor  
Hotel Sentenced at Greenfield

### ON CHECK FORGING CHARGE

Harold Ward, age 18 years, who left Rushville two weeks ago, taking with him \$8 that he managed to steal from the cash drawer at the Windsor hotel, was caught last week in Greenfield, where he forged several checks, and when arraigned yesterday on a charge of forgery in Greenfield, he pleaded guilty, and was sentenced to a term of from two to twenty-one years at the state reformatory.

Ward was reared around Morris-town and came here several weeks ago looking for employment. He applied at the Windsor hotel and Mr. Allen, the manager, provided him with room and board in return for odd jobs about the hotel until he could find work here.

Two weeks ago he left hurriedly and \$8 was missing from the hotel. It is presumed that he made his way directly to Greenfield, and began check forging. The Hancock county grand jury was in session last week and returned an indictment against him and he was arraigned yesterday in the circuit court there, and given the prison sentence.

## FALLS ON SLIPPERY STREET

Frank Ludington of Cambridge City  
Suffers Broken Collar Bone

Frank Ludington of Cambridge City slipped on the ice in the alley between Carr's garage and the Schrichte monument works Tuesday evening shortly before six o'clock, and fell and broke his right collar bone.

Mr. Ludington was removed to the Scanlon hotel and Dr. Lowell M. Green was called to set the broken bone. Mr. Ludington was cared for at the hotel all night and today was removed to his home in Cambridge City.

## GLORE GETS TERM OF 1 TO 14 YEARS TODAY

Rushville Man Sentenced to State  
Prison in Shelbyville on Charge  
of Grand Larceny

### DISFRANCHISED AND FINED

Howard (Happy) Glore was sentenced to a term of one to fourteen years in the state prison in the Shelby circuit court at Shelbyville by Judge Alonzo Blair today when he pleaded guilty to a charge of grand larceny. He was specifically accused of stealing 50 cans of fruit from the home of Milton Minton in Shelbyville December 7.

Glore was also fined \$25 and costs and disfranchised for fourteen years. The charge of burglary, on which he was arraigned and pleaded not guilty a week ago last Monday was dismissed.

Glore was arrested here Sunday, December 12, after being implicated in a confession of Howard Little of Shelbyville, who, on December 13, was sentenced to a term of 5 to 14 years in the state reformatory, on a charge of assault and battery with intent to rob. Little was arrested following an assault on Mrs. Sam Higgins in Shelbyville Friday night, December 10. Glore's trial was set for last Friday, but was postponed on that date to January 4. In the meantime he consented to plead guilty.

## HARDING AND WILSON WILL LUNCH TOGETHER

Secretary Tumulty Announces Pres-  
ident's Inauguration Day Plans  
After Conference

### WILL RIDE WITH HARDING

Immediately after the luncheon, President Wilson will leave the White House in which he has been a resident for the past eight years, and will go to his new home at 2340 South Street Northwest.

Secretary Tumulty announced the president's plans for inauguration day, following a long conference with his chief this morning.

The secretary announced the president stated that he plans to ride to the capital in company with Senator Harding on inauguration day and after the ceremonies, they will return for lunch at the White House.

Tumulty stated that the president's health has improved greatly during the last few weeks and that he plans to write a series of articles and books immediately after leaving the presidency. The secretary stated that the president did not mention writing an autobiography.

## Defendants in Police Court Take Chances With a Jury of Women

Twelve of Feminine Sex Hear Cases  
of Henry Alsop and Jesse Winkler, Accused of Renting Building  
For Gambling Purposes.

Two defendants in a criminal case, Henry Alsop and Jesse Winkler, charged in police court with renting a building for gambling purposes, this afternoon were taking their chances with a jury composed of twelve women, it being the first case in the history of Rushville, where women have acted as jurors.

Winkler and Alsop were purported to be the owners of a building located at Second and Cerro Gordo streets, which was involved in a gambling exposure by John C. Hokey who claimed that he lost \$375 at the place on December 12.

Some twenty people have been arraigned on gaming charges, and the charge of renting the place was charged against these men.

This morning the defendants filed a motion with the court for a jury, and it was agreed upon to give the women a chance. Women juries in police and the justice of peace courts may prove popular here, although it is not probable that any will be used in the circuit court.

Thirteen women were used in order to get 12 to serve. Those hear-

ing the case this afternoon were Mrs. Alice Bainbridge, Mrs. Joe L. Cowing, Mrs. Hallie Baldwin, Mrs. Jennie Kincaid, Miss Helen Scudder, Mrs. Allie Aldridge, Mrs. Josephine Mahan, Miss Mary Sleeth, Mrs. H. S. Havens, Mrs. Will G. Mulno and Mrs. Charles Caldwell.

Mrs. Belle Cosand was excused because she stated that she had an opinion that could not be changed by any evidence.

After the state had rested their case the defense presented Mayor with a motion to discharge the defendants because the state had not proven that here was gambling in the building. The jury was set aside during argument on this petition.

The objection was overruled and the state in rebuttal offered as evidence the court record in which two men had pleaded guilty to keeping the gaming house.

Three more men were given fines yesterday afternoon on entering pleas of guilty. C. W. Miller and Frank Schaeffer were fined \$5 and costs for gaming and Denny Ryan was fined \$25 and costs for operating a gambling house. All fines were paid. These men were implicated in connection with Hokey's confession about the gambling at the pool room corner of First and Main Streets. Several others will be arraigned soon.

## FOUR SUITS FILED IN CIRCUIT COURT

Cases Are All For Damages Rang-  
ing From \$75 to \$250—No  
Jury Trial Today

### NEXT WEEK WILL BE QUIET

Very Few Cases Set For Trial Dur-  
ing The Holidays—William  
Brady Sentenced

Several suits were filed today in circuit court, and no case was heard which required the services of the jury. During the week between Christmas and New Years, most of the attorneys will be out of the city and little business is set for trial during that period.

Sylvia Wolters Smith is the plaintiff in an action brought against the Indianapolis and Cincinnati Traction company in which she seeks \$200 damages. The complaint states that on September 6 she expressed a trunk from Connersville to Rushville on the traction line, and for some reason it was left on the platform in Connersville for several days, during which time it was rained upon and the contents damaged.

She stated in the complaint that the contents were valued at \$250 and that she was damaged in the sum of \$200 because the trunk was left out in the rain for several days, unprotected.

Elmer E. Crane, representing "The House of Crane," has filed suit against A. L. Miller, a merchant of Arlington, demanding \$75 judgment on an account. The complaint states that the defendant owes for a bill of goods, itemized as cigars and tobacco.

LaSalle University of Chicago, through their attorney C. W. Duncan, have filed suit against Melvin Goddard, a student in the university who resides in this county. The suit is to collect on a note which was given in payment for tuition, and \$100 judgment is demanded.

Miller and Hart, a corporation of Chicago, has filed suit against Ross E. Harris, a Rushville grocer, who has declared himself bankrupt. The suit is on an account and \$75 judgment is demanded in this action.

All of the above suits were filed today by Chauncey W. Duncan, a local attorney.

William Brady, alias "John Doe," who was found guilty a few weeks ago in the circuit court by a jury, on a serious charge, was given a two to fourteen year sentence yesterday afternoon by Judge Sparks, who refused to grant him a new trial, as petitioned for by the defendant recently.

## CHRISTMAS FUND STILL MOUNTING

Contributions Are Coming in And  
Indicate That Total Will Now  
go Above \$800

### BEST IN HISTORY OF FUND

Sponsors For Families Are Busy  
Buying Gifts And Find Merchants  
Liberal

Previously acknowledged ---\$728.69  
Giffin Dry Goods Co. ----- 5.00  
Salvation Army kettle ----- 17.00

Total ----- 750.69

After the marvelous advance which the Daily Republican-Salvation Army Santa Claus fund made Tuesday, some contributions continued to come in today and indicated that the total would be \$800 or more.

This is by far the largest sum ever raised for the purpose of carrying Christmas cheer to the needy and unfortunate of the city and speaks volumes for the charitable spirit which prevails in Rushville.

The need in Rushville for substantial gifts as well as presents for the tiny tots was never greater than this year and there is no reason to believe that the money will not be spent wisely and with care.

Most of the shoppers downtown last night were members of the Elks lodge and Rotary club who had been assigned a family to care for. They reported that Rushville merchants were very liberal in selling their goods for this purpose and in every case were willing to make a price below that charged other customers on account of the purpose to which the article was to be put.

The members of these two organizations who have been assigned to care for a family, have a list of instructions to follow in buying and distributing. They are requested not to average more than two dollars per child. This amount will be expended for toys and clothes alone, and in addition each child will receive a half pound of candy, a half pound of nuts and an orange.

In addition to this, forty families will receive baskets of food which are being prepared at the sheriff's office in the court house by Capt. Marks of the Salvation Army. The average cost of these baskets will be \$3.50 and whatever food is contributed will be added to them.

Many families—approximately half of the forty—who have children to be remembered by the fund, will receive baskets.

Sponsors for the families on the list have been requested to deliver

## HUGHES SAID TO HAVE BEEN OFFERED PLACE

Has Conditional Offer to Become  
Secretary of State in Cabinet,  
Washington Report Says

### HARDING'S COMMENT ON IT

(By United Press)

Washington, Dec. 22.—Charles Evans Hughes has received a conditional offer to become secretary of state in the Harding cabinet, and is considering it, it was learned on high authority here today.

The condition attached to the offer was said to be that Hughes should work with Senator Harding in establishing a new association of nations and east aside the league of nations as set up in the peace of Versailles.

Heretofore Hughes has held that the league covenant should be amended to strike out clauses to which its opponents objected, such as article 10.

It is said now that Hughes is considering whether to accept the position which is understood to coincide with that of the president-elect.

### Fiction Says Harding

Marion, Ohio, Dec. 22.—Published reports that Senator Knox influenced the president elect to appoint Charles Evans Hughes as secretary of state, is considered as holiday fiction writing by Senator Harding here today.

## TOWNSHIP SALES BOOST THE TOTAL

Receipts in Red Cross Seal Cam-  
paign Today Mount Above  
\$1,000 With More to Come

### FOUR TOWNSHIPS REPORT

Posey, Ripley and Anderson Reach  
Quotas—Sales Continue Big in  
Rushville

Posey township, the first outside of Rushville to report in the double-barred Red Cross Christmas Seal campaign, has announced the sale of \$50 worth of the little holiday stickers and health bonds. This is regarded as unusually good for Posey township, and several other townships where the organization has been active are expected to do equally as well.

Word was also received from three other townships this morning, all of which with one exception, reached the quota which was apportioned to them by the county organization.

Anderson and Ripley townships each sent word to Mrs. Fred Arbuckle the county chairman, that they have reached their apportionment of \$60 each and Jackson township reported receipts in the health campaign at \$16.69.

This is so much better than has been the rule in the townships outside Rushville in previous campaigns that the workers are very much elated over the results. The interest which has been taken in the campaign has been unusually good.

The sale of Red Cross Seals and health bonds this year has surpassed all records as well as expectations. There was little doubt today but that the total would pass \$1,200 before Christmas as it mounted to \$874.19 today, counting the township sales and others reported here. In addition to these, Seals are being sold daily in large quantities at the postoffice. Additional sales reported today are as follows:

Previously reported	\$819.40
Posey township	50.00
Dr. J. B. Kinsinger	1.00
Homer Cole	1.00
City Restaurant	2.00
Philip Miller	1.00
Dr. Lowell M. Green	1.00
Mrs. T. M. Green	2.00
Jackson township	16.69
Anderson township	60.00
Ripley township	60.00

Total \$1,014.09

Through an oversight Dr. Green's subscription was not reported sooner. He was among the first purchasers of Red Cross Seals.

## COUNCIL MEETS FOR LAST TIME TILL 1921

Abolishes Old Custom of Holding  
Session Last Day in Year  
to Pay All Claims.

### FEED LINE BEING INSTALLED

The city council met last night in regular session for the last time this year, and only the usual routine of business was transacted, with the allowance of the accounts and bills.

The council on former years has advertised for all bids to be presented to the council before the last day of the year, and the passage of these bills has always been made at noon on the last day of the year, but this custom was abolished at the meeting last night.

Supt. A. T. Mahin of the city water and light plant announces that the third electric feed line from the plant is now being installed, and that one section of Rushville has been cut in the new section, which will give more voltage in the homes in Rushville.

He expects to go over all wires in Rushville in an effort to balance the load. The new feed line follows the Pennsylvania railroad to Fifth and then to Main street, and it will be about 60 days before the whole city is affected.

## RESERVATIONS MUST BE SENT BY FRIDAY

Purdue Banquet Committee Wants  
Requisites For Plates Reported  
by December 24.

### TO SHOW BOILERMAKER SPIRIT

All former students and alumni of Purdue university, together with their friends, are urged to send their requisites for plates for the banquet, which has been previously announced for Monday evening, Dec. 27, to R. M. Kincaid of New Salem or D. D. Ball, Rushville, before Friday, as the committee must know the number of reservations by that time. The banquet will be served at 6 p. m. at the Windsor hotel.

The principal address will be delivered by Dr. "Tommy" Moran, known among Purdue students as the "silver tongued orator of Purdue," and talks will also be made by T. A. Coleman, Rush county's first Purdue graduate, and others.

It is announced the banquet has nothing to do with the Purdue Union campaign, but is simply to renew the Purdue spirit in Rush county and show the old "grads" and former students the newly-awakened Boilermaker spirit which exceeds that

which has ever existed on the campus.

### THINGS THE BOYS LONG FOR

Youngsters Prefer Toys or Contrivances to Test Their Muscular Skill or Endurance.

WHAT shall be said of that blundering kindness of home folk that considers giving the boy only presents of such things as he actually needs? It is an outrage upon the spirit of Christmas to present him with new shoes, ties, handkerchiefs—something that he knows he will get anyway—when his sleeping and waking dreams for weeks before have been filled with visions of tops, balls, guns and magic lanterns, says Maud Souders in the Woman's Home Companion. The most beautiful knitted muffler woman's fingers ever constructed cannot compare with a jack-knife with four blades and a cork-screw attachment, when exhibited over the back fence to a neighbor boy on Christmas morning. Very soon after the days of kiltis a boy reaches the age when he yearns with his whole soul after any toy or contrivance that will test his muscular skill or endurance. At this age an appropriate present would be a rawhide or rope lariat, such as is used by the Buffalo Bill riders. A pair of hand or arm stilts will be received with equal favor, and in the same category comes a new fishing rod, snow shoes, tennis racket, golf clubs, a good ball, lamp or cyclometer for his wheel, or even a live pet, a new dog, a pair of rabbits or guinea pigs—something that he can pet and train for his own.

that his daughter Marie was a passenger in the automobile, and that she was 17 years old. He states further that his son Russell was 15 years old and was driving the machine.

The complaint for damages for the automobile in which \$950 judgment is asked, sets out the fact that the machine was totally destroyed beyond repair, and that it was destroyed on account of the unlawful, reckless, careless and negligent operation of the passenger train on the night of October 28.

The complaint which will be filed by Mr. Woods is almost identical to the ones filed by Mr. Cross. The attorneys will attempt to have the cases tried at any early date.

### Christmas Eve in the Home

CHRISTMAS EVE in the home is always a jovial event, or should be. The father has closed his ledger with a "Thank God" that there is now and then a respite from toll, from the perplexities and cares of everyday life, an oasis in the desert of the year, and yields himself for the time to the pleasure of creating new joys for the loved ones at the home fireside. The mother's heart overflows with love and thankfulness as she watches the innocent and enthusiastic glee of her little ones over their Christmas gifts. And as for the children themselves, what eternity of time could compensate them for the loss of one Christmas?

### WHEN CHRISTMAS WAS YOUNG

To Understand Mysteries of the Yuletide, It Is Necessary to Search Ancient History.

IN the midst of the rush and excitement of Christmas preparations certain questions will flash across the mind, and we find ourselves wondering why it is that we do the very same things Christmas after Christmas. Why do we hang stockings, light Christmas trees, trim our homes and have plum pudding?

To understand the origin of these customs we must wander far back into the forgotten past—ages before Julius Caesar set foot on British soil, or St. Augustine told the story of the Cross to the men of Kent. Hundreds of years ago—long before the year 1—the ancients, as we call the people of those times, all worshiped the sun, the great giver of light and life. In the month of March they built big fires to it, asking it to shine upon the seeds they had planted and warm them into life. In the autumn they held another festival, thanking the sun for the harvest, and again, in the winter time, they held the greatest festival of all to celebrate the coming of the springtime.

In ancient Egypt, in Assyria, in Greece, on Roman soil and in the northlands these festivals were celebrated year after year and always about the same time, the winter one being held about New Year's time.

Wherever the Roman eagle was found, this feast was called the Saturnalia and it was marked by universal license and good feeling.

All at once Christianity appeared upon the scene. As the policy of the early church was to reconcile heathen converts to the new faith by adopting some of the heathen customs and festivals, the new religion accepted and retained many, and the result, as is easily seen, has been the strange medley of pagan and Christian rites which we use at Christmas time today.

After Britain was Christianized by the Romans, the Saxons and northern tribes came, bringing their old northern rites, and as Christianity at last replaced paganism the Christians kept the old pagan rites, merely changing their meaning.

For many years no two lands celebrated the same day as the birthday of Christ. They did not know the exact day, and we do not know it; but this date has now become the most important one in the world's history.

London, Dec. 22.—Great Britain is considering instituting martial law all over Ireland, Sir Greenwood told the house of commons today.

There and Here

You who live in comfort, with well stocked larders and warm fires in your homes, should be thankful that you live in this land of the free.

Millions of people in China are hungry for lack of food. Before another season's crops mature they will be dead. They are so far in the interior that relief can not reach them in time to save life.

Germany, Austria, Hungary Poland, Russia, Czechoslovakia and other sections of the old world are facing the pinch of hunger and are without proper clothing to protect them from the severity of the winter months. Before summer is with us again wholesale starvation will

stalk abroad unless relief reaches them from the outside world.

Relief agencies are at work, and America is supplying most of the funds, but even under the most favorable conditions many of these destitute people will not live to see the sunshine of another spring.

Two years ago we were all speaking of the horrors of war.

Today we are witnessing the appalling conditions that follow a resort to arms.

Sherman was right. War is hell.

It is estimated that the British flag now flies over 955,850 square miles of territory more than it did in 1914. That is equal to about one-third the area of the United States. The American flag flies over no additional territory. There we have one of the reasons why Great Britain is so solicitous of her control over the league of nations, and why this country has no special interest in what the league may do.

W. Z. Foster the radical coddled by Mr. Gompers and put in charge of the steel strike of last year is reported to be organizing the clothing workers, into a rival union to the American Federation of Labor. Gompers has only himself to thank for the prominence that Foster now enjoys. If it had not been for the encouragement given the syndicalists by the labor chief, he would never have been able to exploit himself and stimulate the radical element in this country.

Congressman William R. Wood of Indiana, chairman of the sub-committee in charge of the legislative appropriation bill, which provides the salaries of most of the government employees in Washington, is

reported as saying that \$36,000,000 will be cut from the administration estimate of \$136,000,000. Part of the economy would be the reduction of the force of clerks from approximately 92,000 to 72,000.

Some people are always complaining about the poor purchasing power of the American dollar. But even that has its advantages. It furnishes a good excuse for hanging on to them.

If there is a soul in this community without the wherewithall to get a good Christmas dinner he should have the dinner without the where, etc.

In expressing your thanks for the good things that are yours on Christmas morn, don't forget that the greatest of those are life, and health.

The good book tells us to love our neighbors as ourselves. But, that, in certain cases, might be rough on the neighbor.

It is quite true that woman has a greater influence over man than money, especially if she is his affinity.

—Soon, now, we'll be forgetting to write it 1921.

Mud-slinging goes on even when the weather is dry.

Breach-of-promise suits are a luxury the poor seldom enjoy.

Some men never get back into their right minds until they are broke.

Hez Heck says: "There isn't much glory in virtue if no one knows you have it."

Just when you have about forgotten a disagreeable episode, some fool comes along and reminds you of it.

A girl is always willing to admit that her mother's knowledge is superior so far as kitchen work is concerned.

MYSTERY OF GIRLS' EARS STILL UNSOLVED

Woman's crowning glory, her hair receives at her hands the very best care. Every up-to-date girl prides herself on her tresses and how she wears them. The young lady of today is particularly fond of those little bunches of hair with which she conceals her ears. However, the ear muffs that Miss Flapper-age wears now are nothing new. History relates that they were part of the headdress of the French lady of the Restoration Period. Her coiffure was crowned with an amazing edifice of curls, combs, and lace. Now, in modern times, the hearty laughter that is accorded the witty wordings about ear puffs et cetera, screened in the popular "Topics of the Day" films, is evidence of the general interest in the subject of hair dressing. Whether or not you are interested in how the girls wear their hair, the Daily Republican feels sure that your laughter at the following paragraphs will penetrate ever ear puffs.

## ODD FELLOWS FIVE SHOWS REAL CLASS

Defeats Arlington Athletic Club on  
Local Court Tuesday Night,  
14 to 17

BOTH IN NEW UNIFORMS

Arlington High School Comes From  
Behind and Defeats Webb's  
School, 23 to 16

The Odd Fellows basketball team displayed real class last night and chalked up a victory over the Arlington Athletic Association, winning by the score of 24 to 17. In the preliminary game the Arlington high school won from the Webb high school, 23 to 16.

The Odd Fellows made quite an impression in their new uniforms last night, and it might be because the ball and uniforms were new, that they played harder. Arlington also appeared in new uniforms and both teams presented the appearance of professional players.

The local team started off fast, and managed to chalk up eight points before Arlington could get started. Tittsworth ran the ball down the side line for the first goal, and Petry, back guard, took the ball up the line to within close range and made the second score. Tittsworth again hit the net, and then Shaw, the fast floor guard, made the sensational shot of the evening from the middle of the floor, when he arched the ball up over the rafters and into the net.

Arlington scored their first point on a foul goal and took a spurt shortly afterwards in an effort to catch up with the Odd Fellows, but when the first half ended Rushville was leading 12 to 6.

In the final period of play Arlington again made things uncomfortable for the Odd Fellows when they came within one point of tying the score, 13 to 12.

Many substitutions were made by the Arlington coach in an effort to stop the onrush of the Odd Fellows. The locals continued to make points, and shortly before the whistle blew, the score was 24 to 13, but in the last few seconds Arlington made good on two long shots that brought their side of the score up to 17.

Arlington fought gamely to overcome the lead, all through the game and flashy team work was displayed by both sides. Wicker for Arlington, was their big goal hitter and secured five markers. Rohm and Northam brothers were fast on the floor, and did effective work, but were unable to hit the basket.

The Rushville squad played in good fashion, only slowing up in a few places, but recovering themselves before Arlington could take advantage. The Arlington team no doubt will show up better as the season progresses, the game last night being the third one since they have been organized.

The game was fast, and in many places was rough, only a few fouls being called on either side.

In the preliminary game the Arlington high school was a little slow in getting started and allowed the Webb team to get ahead. Webb ran the score up to 8, while Arlington was almost helpless, but toward the end of the first half Arlington began to hit the basket, and were leading 10 to 5.

In the last half Arlington had an apparently easy time, and piled up the score to 23 points, while the Webb team fought hard until the end, making 16 points.

The score of the two games:  
Odd Fellows' (24) Arlington (17)  
Tittsworth F. Woods  
Henley F. Hester  
Martin C. Wicker  
Shaw G. Rohm  
Petry G. Ches Northam

Substitutions: Clarence Northam for Chester Northam, Whitesides for Hester; Field goals, Tittsworth 5, Henley 2, Martin, Shaw 2, Woods, Hester, Wicker 5, Whitesides; foul goals, Tittsworth 2, Wicker. Referee Kirkpatrick.

Arlington High (23) Webb High (16)  
Birt F. Talbert  
Rigsbee F. Hilligoss  
Nelson C. Hill  
Macy G. Hungerford  
Marshall G. Myers

Substitutions: Martin for Talbert field goals, Birt 4, Rigsbee 2, Nelson 5, Talbert, Hilligoss 2, Hill; foul goals Hilligoss 4, Birt. Referee Thorpe.

# TANLAC SALES REACH TREMENDOUS TOTAL

**Sales for Present Year Show Increase of Almost One Hundred Per Cent Over Last Year.**

**20,000,000 BOTTLES ARE SOLD IN SIX YEARS**

**Celebrated Medicine has Become Sensation of Drug Trade All Over America and Canada. Best People of Country Indorse It.**

Although placed on sale something over five years ago, the demand for the celebrated medicine, Tanlac, has increased at a most phenomenal rate and announcement has just been made by the manufacturers that the total sales will reach approximately 20,000,000 bottles by the end of the present year.

To say that Tanlac now has the largest sale of any medicine of its kind in the world does not begin to tell the story, for no other preparation has ever even approached the marvelous record that has been made by Tanlac, and it is now conservatively estimated that the sales by the end of the coming year will reach the astonishing total of 30,000,000 bottles.

Tanlac sales last year amounted to 4,079,948 bottles, establishing a new world record for the sale of proprietary medicines up to that time. This record now pales into insignificance, however, as orders received during the first 9 months of the present year reached a total of 6,200,000 bottles, showing an increase of almost 100 per cent over the corresponding period of last year.

The enormous and ever-increasing

popularity of Tanlac is the one great outstanding proof of its merit. The greatest drug firms of the country have voluntarily come forward and stated in plain, cold figures the record breaking sales everywhere. No medicine of less than superlative quality could possibly attain such a huge sales record nor gain, as has Tanlac, the unqualified endorsement of thousands of well known men and women from all parts of the country who stand for the best in their communities.

The greatest test of any medicine is the "repeat" sales it enjoys. Tanlac's phenomenal record has been possible because of the fact that the men and women who buy one bottle invariably return for the second and recommend it to others because it has helped them. Tanlac has been on the market now a little over five years. It has stood the acid test of time. It is known and honored in every city, town, village and hamlet on the American continent from Key West Florida, to the northern wilds of Canada, where even the Indians and fur-traders have learned of its wonderful powers as a medicine.

Tanlac is composed of the most beneficial roots and herbs known to the scientific world. The formula conforms with all National and State Pure Food and Health laws of both the United States and Canada. Although Tanlac's claim for superiority are abundantly supported by leading authorities, it is the people themselves who have made Tanlac what it is.

Millions upon millions of the best people of the country have used it and have told millions of others what it has done for them. That is why Tanlac has become the real sensation of the drug trade all over America.

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

## CRIME WAVE BLAMED ONTO LIQUOR LAWS

**Chicago Chief of Police Says That Inability to Get Whiskey is Cause of Crimes**

**DOPE FIENDS INCLUDED TOO**

Chicago, Ill., Dec. 22.—Inability of many idlers to obtain whiskey is the cause of the extent of the crime wave that is sweeping the country, according to the opinion advanced today by Charles Fitzmorris, head of the Chicago police department.

Men who are out of work and unable to get whiskey, the chief states, will turn to the use of dope. The dope fiend's natural trend is toward the criminal class, and they usually travel the criminal road.

"We all know that the dope fiend soon loses his sense of right or wrong and by his association with criminals naturally will lead the criminal life" he added.

Many millionaire residents of Chicago are engaging detectives to guard their homes. A guard of a millionaire home was shot and wounded Sunday night by four men who attempted to hold him up.

A policeman was shot and killed yesterday by eight bandits. He was a guard at Marshal-Field Company. The concern has offered \$1,000 reward for the capture of the murderers.

## TAX BURDENS CITED FOR FALLING PRICES

**Financier Asserts That Businesses Are Overtaxed Which is Cause of Present Depression**

**HITS EXCESS PROFITS TAX**

Washington, Dec. 22.—Tax burdens on businesses, is one of the principle causes of the present depressions, Henry Kahn, New York financier, told the house ways and means committee today.

There is no deflation now and therefore deflation, as some say, has brought about the present conditions. Kahn declared that the excess profits tax must go.

"In theory it is good but in accordance with the interference with commerce, the disadvantages outweigh its thortical advantages", he declared.

"During the last three years the taxation on business has been the cause of the scramble. At present the taxation system has been the cause of the housing shortage. Available supplies of mortgages have been reduced \$165,000,000 in one year.

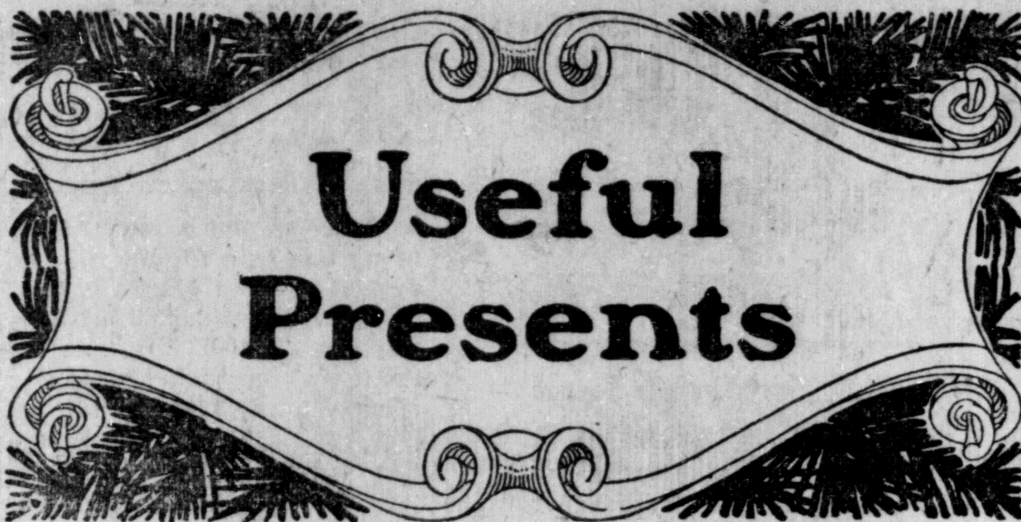

"The combine return of income and our taxes should not be above 30 percent", Kahn stated.

## TO SAVE GIANT SYCAMORE

**Gibson County, Ill. People File Protests Against Its Destruction**

(By United Press)

Washington, Dec. 22.—The American Forestry Association today called upon the people of Gibson County, Ill., to file with the association protests against cutting down a giant sycamore tree near Mt. Carmel, Ill. The association has been asked both by Richard Lieber, of the Department of Conservation of Indiana, and Dr. Robert Ridgway, an ornithologist of Olney, Ill., to take up the fight of the citizens of the two states to save the tree. It is on the ground surveyed for a levee along the Wabash River, but there is no need of destroying this tree, the association says. The tree is the last of twelve giants that were all within a half mile of each

## A Christmas Romance

By Mary Graham Bonner

© 1920, Western Newspaper Union.  
MARJORIE was the first girl every boy called on when he got home for the Christmas holidays. Yes, every boy who had gone away to school or to college always came to Marjorie's house first when the Christmas holidays began, though there were exceptions, of course. Many of them, coming home at the same time, on the same train, would agree to call together.

Then they would have a good time, singing, talking, laughing. Marjorie was such a good sort. The whole "bunch" liked her.

She played the piano well for dancing and had the kind of voice which made others want to gather around the piano and join in the chorus.

In truth, without Marjorie the "bunch" would have been offentimes very lonely, very restless and wretched.

Marjorie danced well, too, and if one wanted a girl to come up to a prom or a class dance Marjorie would always fit in anywhere. Then, too, she wouldn't be mad if a fellow asked another girl.

Marjorie was an exceptional girl. Marjorie wasn't jealous of any of them. She seemed to regard them as they regarded her—good sorts as she was a good sort. They passed the time for her merrily as she did for them. They were jolly good companions as she was a jolly good companion.

So it went on. And another Christmas came along and Marjorie's house was the center of the gaiety.

It was the night before Christmas. The "bunch" were taking around their Christmas presents. They were going to call on Marjorie last because then they would stay there for a while. They all had presents for Marjorie, typical presents from members of a "bunch" to a friend of the "bunch."

There were several boxes of candy (which the "bunch" would help eat), and there were some books, which perhaps some of the "bunch" later would borrow and read.

One of the "bunch" has gone to Marjorie's earlier that evening, and had

Without Marjorie the "Bunch" Would Have Been Very Lonely.

taken with him a present which could neither be divided and eaten, nor borrowed and read.

Soon, soon he was going to give it to her, and soon, soon he hoped to see her wear it.

"Marjorie," he began, "the other fellows all like you, of course, but you know I've been feeling for some time kind of differently about things. And before I went back to college again I thought perhaps—you know—I thought Christmas eve would be such a nice time to look back upon when we had grandchildren as our engage—"

The front door burst open after a quick and vigorous knocking, and the "bunch" came in.

"What! You here, Jim! Stole a march on us, eh?"

They gave their presents to Marjorie. Then they asked her to play the piano. Then they sang. Nervously Jim looked at his watch. It was almost Christmas day—and he so much wanted to be able to look back on Christmas eve as the time of his engagement, and somehow he had fancied Marjorie looked upon him a little more affectionately than upon the rest. Finally he could bear it no longer.

"I say, fellows," he began, "it seems to me that as long as the 'bunch' wants to hang around the best friend the 'bunch' ever had and won't give any one fellow any more chance than another I'll just have to do my proposing before the whole 'bunch'."

"I've got a little ring here I'd like Marjorie to wear, and while I always want to be one of the 'bunch' and she always wants to be a 'friend of the bunch,' I know, I'd like to have her regard me as more than just a friend!"

"And I'd like to be more than a friend to one of the 'bunch,'" Marjorie said.

"Congratulations!" shouted the "bunch." "And Merry Christmas and lots of them!"

"But to think," one of the "bunch"

said to the rest afterward, "that one of us was able to 'put it over' on the rest of us—and Marjorie, too!"  
And the next day, which was Christmas, the "bunch" all came around to see one of the "bunch" kiss the "friend of the bunch" under the mistletoe, which favor was granted the "bunch"—very willingly.

## AN ATHLETE IS UNCROWNED HERO

All Kinds of Sports Are Filled With Thankless Jobs and Star Players Soon Forgotten

AND HEROES ARE UNSUNG  
On The Turf Trainers Are Credited For Less and Do More Than Any Other Sport

By HENRY L. FARRELL  
(U. P. Staff Correspondent)  
New York, Dec. 9.—Sport is filled with thankless jobs.

All the heroes of the track, the diamond, and the gridiron are not crowned in public.

Heroes unsung in great numbers work in the dark, keep under cover at vitally important duties helping others into the hall of fame.

The lineman on the Varsity team forces and is buried under a pile of flesh-filled jerseys while the back field star rushes through in the spotlight and gets the cheers.

The hard working catcher holds up the pitcher, directs the defense of the nine, but the hurler gets the credit.

Thankless jobs there are beyond enumeration, but the trainer gets the least credit of all.

On the turf perhaps the trainer does more than is credited for less than in any line of sport.

He keeps the stable in condition, primes the horse for a race and the jockey goes out and gets the laurels.

Louis Feustel, trainer and developer of the great Man o' War, is one of the first to come in for his just share of honor for giving to the American turf what has been judged the greatest horse that ever lived. And Samuel C. Riddle, owner of the equine king, saw to it that he was not overlooked.

At a dinner of turfmen here recently Riddle told the story that the publicity-dodging trainer never would have made known.

Feustel was having a run of hard luck. His stable had dwindled to one lone runner that wasn't paying the oats bill.

Feustel was about to give up the track and seek a job as a policeman in New York to tide him over until things got better.

He was tipped off to a promising yearling at the Saratoga sale, but was disappointed to learn that the youngster had been sold.

Running down the stalls he came across a sleek, smart looking chestnut colt and he bought him for \$5,000.

It was the great Man o' War, which couldn't be bought now for a half-million a winner of about \$300,000 and the holder of several world's records.

Riddle gave all the credit to Feustel. He pointed him out as the real man behind Man o' War. He trained him to the finest point of form for two years. He sent him to the post twenty-one times for twenty victories. He had him where most any jockey could ride him ahead of the best field.

Feustel got his credit. He didn't seek the honors. They were forced on him.

Some day perhaps all the unsung heroes will get their just dues.

### TOY TREE TABLE DECORATION

Miniature Christmas Emblem May Be Surrounded With Presents Tied With Red Ribbon.

DECORATE the table with a Christmas tree, one of the toy ones, and pile around its foot a quantity of presents tied with red ribbons. These should be only what a college man would call "grinds"—perhaps a tiny tin piano for a would-be performer, a lantern for the one the points of whose jokes are difficult to see, a placid paper golf bag for the enthusiastic player, and so on, each with a rhyme or quotation, says Harper's Bazar. If one considers a goose a somewhat undignified bird, ducks may be exchanged for it, either the domestic fowl or the more expensive canvas-back or redhead. Fried celery is very good with duck, the crispest pieces dropped in batter and then cooked in deep fat. But the apple sauce croquettes should not be omitted even with this. For this informal dinner there is a very good and innocuous drink to serve with the heavy course—sweet cider, spiced and sugared to taste, cooked ten minutes and served hot.

A Dream Came True

Enid Bennett, playing the part of Marjorie Bowen will be seen tonight at the Princess theater in, "Silk Hosiery", a Thomas H. Ince production of unusual merit.

Marjorie Bowen, a romantic minded model, reads many popular novels, but sees little signs of romance ever entering her own life. One day, Sir Leeds enters the shop and Marjorie's heart beats wildly until it develops that he has come to meet Yvette Fernau, his fiancée. Her hopes vanish and in despair she puts on one of Yvette's gorgeous gowns and dreams.

Suddenly, from out of the pages of the novels about her, step various interesting characters. She overhears Yvette and Cad Jones plot to steal the jewels of a Prince, together with an incriminating letter sent by the Prince to a society woman. These they purpose to sell to the enemies of the Prince. Yvette is kidnapped by two thugs, and Leeds' capture follows. Marjorie is freed by the thugs who believe her to be Yvette and she in turn releases Leeds.

Marjorie subsequently comes upon Yvette as she is about to steal the Prince's gems from a safe and is arrested when Yvette accuses her of stealing the jewels. The Prince presents the jewels to her and Leeds offers her his love. He escorts her back to the modiste's shop. And then Marjorie's roommate, alarmed by her absence goes to the shop and finds Marjorie fast asleep in Yvette's gown! It's all been a dream!

"The Charm School"

In putting on the stage a dramatization of Alice Duer Miller's delightful story "The Charm School", which is the coming attraction at the Shubert-Murat Theatre, Indianapolis, commencing Monday, December 27 with matinee on Wednesday and Saturday, and which has been so widely read, Robert Milton, hitherto recognized as one of the most notable stage directors identified with the present day theater in America enters the ranks of producing managers. While it is the first play to be sponsored by Mr. Milton in a managerial capacity, the production of "The Charm School" has the benefit of his wide knowledge and experience which has previously found expression in a series of such notable musical and dramatic successes as "Upstairs and Down", "The Conderella Man", "Friendly Enemies", "Adam and Eva," the Princess Theatre New York musical shows and others, all of which were staged by him.

The story of "The Charm School" is too well known to bear relating at this time, other than to say that Mrs. Miller's fascinating romance is written around a chap hardly out

of his teens, who inherits from a maiden aunt a girl's boarding school and tries to run it according to his own unique and humorous ideas. The story has been transferred from the printed page to the stage without losing any of the engaging charm that has made the book so popular. The footlight version will have the added advantage of introducing several incidental musical numbers by Jerome Kern, and with the array of youth and talent which Mr. Milton has gathered as a decorative background, the performance should claim attention as one of the most artistic and appealing novelties of the season.

"The Charm School" is in three acts, the scenes being laid in New York and the main hall of a girl's boarding school in a small Connecticut town. The cast is an imposing one.

Harry Carey at The Mystic

Harry Carey, the outstanding western star of the cinema, is announced for the Mystic Theatre today in his latest Universal feature under the direction of Reeves Eason "Blue Streak McCoy," a story of H. H. Van Loan, the author of many of the most notable screen successes.

"Fightin' Job McCoy" is found soon after the memorable June 30, 1919 mourning the loss of his friend "John B." The Border Rangers offer excitement and adventure to keep his mind busy, so Job enlists. His activities put him in close touch with mining interests in that section, and especially one operator, Howard Marlowe, his wife and young niece who awakens in Job thoughts of a brighter future.

An unscrupulous official of the mine connives to steal both Marlowe's gold bullion and his wife. Job suspects the scheming Otis and is able to frustrate the well-planned robbery of the strong box. The official's Spanish sweetheart, learning of the duplicity of Otis, warns Job of the intended elopement, and by appealing to the better nature of Marlowe's wife persuades her to return to her husband, who is none the wiser for her folly. The bitterness of Otis, however, leads him to seek revenge, and in the fight which follows Marlowe learns of the debt he owes to Job.

Does the Ranger ask for some of Marlowe's wealth, or for his beautiful niece whom he loves? He asks for neither gift. The answer must be found in the photodrama which is heralded as one of the season's best productions of its kind.

## LEGISLATURE WILL

### HOLD A BARBECUE

Party Differences Will be Forgotten  
and Men Will Hold a Big Feast  
at Fair Grounds

### A PITCH-IN AFFAIR TOO

(By United Press)

Indianapolis, Ind., Dec. 22.—Party lines will be let down shortly after the 72nd assembly of the 1921 legislature convenes here in January and all members of both the house and senate will be invited to attend a barbecue which is being planned by members of the house.

Farmer members of the house have already pledged enough hogs, sheep, and calves to go round to the members of the assembly as well as newspaper men who are assigned to cover the session.

The love feast is to be prepared by Charles Kares, republican member of the house who is listed in the legislative directory as a barbequest. Kares already promises the members that he will prepare the feast.

Rep. Kares has put a ban on beef. He says it "barbecues" too dry, and according to members from his home town he ought to know as he has been making big money in the business at Evansville.

Rep. Rowbottom has been appointed a committee to one to obtain a building at the state fair grounds where the feast is to be held.

### BE SURE GIFTS WILL PLEASE

In Making Same Articles for Friends  
It Is Well to Be Sure of  
Appreciation.

WOMAN tells in recently published magazines how she has a "pillow Christmas" for the benefit of her many friends. She consulted the piece bag, and from it drew forth the materials for making any quantity of dainty sofa pillows, all destined for different friends. The cost of the materials was chiefly that spent for silk cotels, for embroidery silk and for filling for the completed pillows. Nearly all the pillows were made by couching figures cut from contrasting materials on a chosen background, and the result was completed. The very same idea might also be carried into effect by the girl who loves to make dainty socks. There never was a time when the prevailing styles offered such a dainty array of collars, and a box of assorted colors and kinds would be welcomed by any girl friend. There might be found in the piece bag all sorts of bits of silk and ribbon which could be fashioned into the daintiest of dressy socks, as well as bits of lawn and percale which would do nicely for socks for every day wear with cotton shirt waists. The gift of a box of socks might be made valuable if the box itself was a thing of beauty, and this could be brought to pass by the girl who is expert with her needle. Giving the same sort of gift to a large number of people is perfectly proper if the gift is one which is calculated to please everybody. We've heard the story of a nice old lady who always made pin-cushions for all her nieces and nephews for all her nephews every year. It was said that her plan gave great pleasure to one person, the aunt. It's a good idea to be sure your gifts will be appreciated before you go into the wholesale manufacture of one style of article for many people.

## Run Down?

Kidney and bladder troubles are not limited to men. Housework, or work in office or factory, causes women to suffer from weak, overworked or diseased kidneys. The symptoms are—puffiness under the eyes, sallow skin, constant tired feeling, lack of ambition, nervous condition, backache, rheumatic pains, sore muscles, stiff joints.

## A New Adventure in Friendship

"My husband claims his dog is his most satisfactory friend. I claim mine is Sonora," declared a young matron the other day.

Well might she say it.

Sonora offers versatile companionship for every occasion and mood.

Its graceful appearance and high-grade cabinet work lend beauty and culture to the home.

Its world-wide reputation is a pleasant and flattering thing to be associated with.

But best of all, its uniquely human quality of tone gives it a beloved personality which makes it warrant that highest praise—"true friend."

All makes of disc records are played perfectly by Sonora. All gradations of volume, from the softest strain for an audience close at hand to the powerful swell for a large concert hall, can be had on Sonora without the slightest impairment of clarity and beauty of tone. A tone modifier which controls at the source instead of the exit, accomplishes this.

Rewinding after every other record is unnecessary on Sonora. An extra long-running motor plays from 15 to 45 minutes (according to the model) at a single winding. There is no pounding or thumping with a Sonora motor. It runs with the silence and reliability of a delicate, jewel-movement watch.

Metallic harshness and "blaring" of tone is never heard on a Sonora. Its vibrating tone passage, especially designed by scientific, patented process, prevents this. The mellowness of wood and the exclusive features of construction produce a tone as warm and rich and vibrantly alive as the original.

You have only to hear the Sonora tone once to understand why a competent jury of experts at the Panama-Pacific exposition awarded highest score for tone to the Sonora phonograph. It is the master of phonographic music.

## SUITS RESULT OF CROSSING MISHAP

Total Damages Asked of C. I. & W.  
as Outgrowth of Accident  
Oct. 28 Amount to \$31,850

### THREE CASES BY CARY CROSS

Plaintiff Demands \$10,300 For Death  
of Each of His Children—Ed  
Woods to Ask \$10,300

The Cincinnati, Indianapolis and Western Railroad was made defendant today in three law suits and the fourth will be filed tomorrow, in which a total of \$31,850 damages are sought by the parents of the three young people who were killed at the Perkins street crossing in this city on the night of October 28. The three suits filed late today were brought by Cary Cross, father of Marie and Russell Cross and \$10,300 damages is asked in each for their death. The other suit filed by Mr. Cross asks \$950 damages for the destruction of the automobile in which the three persons were riding.

Ed Woods, father of Glen Woods will also file suit or \$10,300 some time Thursday, it is expected.

Mr. Cross is represented in the three complaints by Chauncey W. Duncan, and Mr. Woods will be represented by John A. Tittsworth.

In the suits for damages for the deaths of the two Cross children, it is alleged that the railroad company operated the evening train due here at nine o'clock, in a careless, unlawful, reckless and negligent manner, failing to sound a whistle, bell or other signal means to announce their approach, at a sufficient distance from the crossing.

Each complaint is brought out in two paragraphs. The first complaint seeks \$10,000 or damages for each person's death, and \$300 for funeral expenses incurred by the family. The second paragraph alleges unlawful operation of the train, stating that it was operated at a speed of from 25 to 35 miles an hour, contrary to a city ordinance.

This portion of the complaint cites a city ordinance, as passed by the council on January 21, 1902, in which the speed of locomotives, traction cars and all moving vehicles is placed at 15 miles an hour.

A further citation of the ordinance is given in which the engineer, conductor or person in charge of the moving object, may be fined upon conviction, not more than \$100.

Mr. Cross states in his complaints

## HAROLD WARD SENT TO THE REFORMATORY

Young Man Who Left Here Hurriedly  
With \$8 Taken From Windsor  
Hotel Sentenced at Greenfield

### ON CHECK FORGING CHARGE

Harold Ward, age 18 years, who left Rushville two weeks ago, taking with him \$8 that he managed to steal from the cash drawer at the Windsor hotel, was caught last week in Greenfield, where he forged several checks, and when arraigned yesterday on a charge of forgery in Greenfield, he pleaded guilty, and was sentenced to a term of from two to twenty-one years at the state reformatory.

Ward was reared around Morris-town and came here several weeks ago looking for employment. He applied at the Windsor hotel and Mr. Allen, the manager, provided him with room and board in return for odd jobs about the hotel until he could find work here.

Two weeks ago he left hurriedly and \$8 was missing from the hotel. It is presumed that he made his way directly to Greenfield, and began check forging. The Hancock county grand jury was in session last week and returned an indictment against him and he was arraigned yesterday in the circuit court there, and given the prison sentence.

## GLORE GETS TERM OF 1 TO 14 YEARS TODAY

Rushville Man Sentenced to State  
Prison in Shelbyville on Charge  
of Grand Larceny

### DISFRANCHISED AND FINED

Howard (Happy) Gloré was sentenced to a term of one to fourteen years in the state prison in the Shelby circuit court at Shelbyville by Judge Alonzo Blair today when he pleaded guilty to a charge of grand larceny. He was specifically accused of stealing 50 cans of fruit from the home of Milton Minton in Shelbyville December 7.

Gloré was also fined \$25 and costs and disfranchised for fourteen years. The charge of burglary, on which he was arraigned and pleaded not guilty a week ago last Monday was dismissed.

Gloré was arrested here Sunday, December 12, after being implicated in a confession of Howard Little of Shelbyville, who, on December 13, was sentenced to a term of 5 to 14 years in the state reformatory, on a charge of assault and battery with intent to rob. Little was arrested following an assault on Mrs. Sam Higgins in Shelbyville Friday night, December 10. Gloré's trial was set for last Friday, but was postponed on that date to January 4. In the meantime he consented to plead guilty.

## Defendants in Police Court Take Chances With a Jury of Women

Twelve of Feminine Sex Hear Cases  
of Henry Alsop and Jesse Winkler, Accused of Renting Building  
For Gambling Purposes.

Two defendants in a criminal case, Henry Alsop and Jesse Winkler, charged in police court with renting a building for gambling purposes, this afternoon were taking their chances with a jury composed of twelve women, it being the first case in the history of Rushville, where women have acted as jurors.

Winkler and Alsop were purported to be the owners of a building located at Second and Cerro Gordo streets, which was involved in a gambling exposure by John C. Hokey who claimed that he lost \$375 at the place on December 12.

Some twenty people have been arraigned on gaming charges, and the charge of renting the place was charged against these men.

This morning the defendants filed a motion with the court for a jury, and it was agreed upon to give the women a chance. Women juries in police and the justice of peace courts may prove popular here, although it is not probable that any will be used in the circuit court.

Thirteen women were used in order to get 12 to serve. Those hear-

ing the case this afternoon were Mrs. Alice Bainbridge, Mrs. Joe L. Cowing, Mrs. Hallie Baldwin, Mrs. Jennie Kincaid, Miss Helen Seender, Mrs. Allie Aldridge, Mrs. Josephine Mahan, Miss Mary Sleeth, Mrs. H. S. Havens, Mrs. Will G. Mulno and Mrs. Charles Caldwell.

Mrs. Belle Cosand was excused because she stated that she had an opinion that could not be changed by any evidence.

After the state had rested, their case the defense presented Mayor with a motion to discharge the defendants because the state had not proven that here was gambling in the building. The jury was set aside during argument on this petition.

The objection was overruled and the state in rebuttal offered as evidence the court record in which two men had pleaded guilty to keeping the gaming house.

Three more men were given fines yesterday afternoon on entering pleas of guilty. C. W. Miller and Frank Schaeffer were fined \$5 and costs for gaming and Denny Ryan was fined \$25 and costs for operating a gambling house. All fines were paid. These men were implicated in connection with Hokey's confession about the gambling at the pool room corner of First and Main Streets. Several others will be arraigned soon.

## FOUR SUITS FILED IN CIRCUIT COURT

Cases Are All For Damages Rang-  
ing From \$75 to \$250—No  
Jury Trial Today

### NEXT WEEK WILL BE QUIET

Very Few Cases Set For Trial Dur-  
ing The Holidays—William  
Brady Sentenced

Several suits were filed today in circuit court, and no case was heard which required the services of the jury. During the week between Christmas and New Years, most of the attorneys will be out of the city and little business is set for trial during that period.

Sylvia Walters Smith is the plaintiff in an action brought against the Indianapolis and Cincinnati Traction company in which she seeks \$200 damages. The complaint states that on September 6 she expressed a trunk from Connersville to Rushville on the traction line, and for some reason it was left on the platform in Connersville for several days, during which time it was rained upon and the contents damaged. She stated in the complaint that the contents were valued at \$250 and that she was damaged in the sum of \$200 because the trunk was left out in the rain for several days, unprotected.

Elmer E. Crane, representing "The House of Crane," has filed suit against A. L. Miller, a merchant of Arlington, demanding \$75 judgment on an account. The complaint states that the defendant owes for a bill of goods, itemized as cigars and tobacco.

LaSalle University of Chicago, through their attorney C. W. Duncan, have filed suit against Melvin Goddard, a student in the university who resides in this county. The suit is to collect on a note which was given in payment for tuition, and \$100 judgment is demanded.

Miller and Hart, a corporation of Chicago, has filed suit against Ross E. Harris, a Rushville grocer, who has declared himself bankrupt. The suit is on an account and \$75 judgment is demanded in this action.

All of the above suits were filed today by Chauncey W. Duncan, a local attorney.

William Brady, alias "John Doe," who was found guilty a few weeks ago in the circuit court by a jury, on a serious charge, was given a two to fourteen year sentence yesterday afternoon by Judge Sparks, who refused to grant him a new trial, as petitioned for by the defendant recently.

## CHRISTMAS FUND STILL MOUNTING

Contributions Are Coming in And  
Indicate That Total Will Now

Sponsors For Families Are Busy  
Buying Gifts And Find Merchants  
Liberal

Previously acknowledged —\$728.69  
Giffin Dry Goods Co. — 5.00  
Salvation Army kettle — 17.00

Total — 750.69

After the marvelous advance which the Daily Republican-Salvation Army Santa Claus fund made Tuesday, some contributions continued to come in today and indicated that the total would be \$800 or more.

This is by far the largest sum ever raised for the purpose of carrying Christmas cheer to the needy and unfortunate of the city and speaks volumes for the charitable spirit which prevails in Rushville.

The need in Rushville for substantial gifts as well as presents for the tiny tots was never greater than this year and there is no reason to believe that the money will not be spent wisely and with care.

Most of the shoppers downtown last night were members of the Elks lodge and Rotary club who had been assigned a family to care for. They reported that Rushville merchants were very liberal in selling their goods for this purpose and in every case were willing to make a price below that charged other customers on account of the purpose to which the article was to be put.

The members of these two organizations who have been assigned to care for a family, have a list of instructions to follow in buying and distributing. They are requested not to average more than two dollars per child. This amount will be expended for toys and clothes alone, and in addition each child will receive a half pound of candy, a half pound of nuts and an orange.

In addition to this, forty families will receive baskets of food which are being prepared at the sheriff's office in the court house by Capt. Marks of the Salvation Army. The average cost of these baskets will be \$3.50 and whatever food is contributed will be added to them.

Many families—approximately half of the forty—who have children to be remembered by the fund, will receive baskets.

Sponsors for the families on the list have been requested to deliver

## HUGHES SAID TO HAVE BEEN OFFERED PLACE

Has Conditional Offer to Become  
Secretary of State in Cabinet,  
Washington Report Says

### HARDING'S COMMENT ON IT

(By United Press)

Washington, Dec. 22.—Charles Evans Hughes has received a conditional offer to become secretary of state in the Harding cabinet, and is considering it, it was learned on high authority here today.

The condition attached to the offer was said to be that Hughes should work with Senator Harding in establishing a new association of nations and east aside the league of nations as set up in the peace of Versailles.

Heretofore Hughes has held that the league covenant should be amended to strike out clauses to which its opponents objected, such as article 10.

It is said now that Hughes is considering whether to accept the position which is understood to coincide with that of the president-elect.

### Fiction Says Harding

Marion, Ohio, Dec. 22.—Published reports that Senator Knox influenced the president elect to appoint Charles Evans Hughes as secretary of state, is considered as holiday fiction writing by Senator Harding here today.

## TOWNSHIP SALES BOOST THE TOTAL

Receipts in Red Cross Seal Cam-  
paign Today Mount Above  
\$7,000 With More to Come

### FOUR TOWNSHIPS REPORT

Posey, Ripley and Anderson Reach  
Quotas—Sales Continue Big in  
Rushville

Posey township, the first outside of Rushville to report in the double-barred Red Cross Christmas Seal campaign, has announced the sale of \$50 worth of the little holiday stickers and health bonds. This is regarded as unusually good for Posey township, and several other townships where the organization has been active are expected to do equally as well.

Word was also received from three other townships this morning, all of which with one exception, reached the quota which was apportioned to them by the county organization.

Anderson and Ripley townships each sent word to Mrs. Fred Arbuckle the county chairman, that they have reached their apportionment of \$60 each and Jackson township reported receipts in the health campaign at \$16.69.

This is so much better than has been the rule in the townships outside Rushville in previous campaigns that the workers are very much elated over the results. The interest which has been taken in the campaign has been unusually good.

The sale of Red Cross Seals and health bonds this year has surpassed all records as well as expectations. There was little doubt today but that the total would pass \$1,200 before Christmas as it mounted to \$874.19 today, counting the township sales and others reported here. In addition to these, Seals are being sold daily in large quantities at the postoffice. Additional sales reported today are as follows:

|                     |          |
|---------------------|----------|
| Previously reported | \$819.40 |
| Posey township      | 50.00    |
| Dr. J. B. Kinsinger | 1.00     |
| Homer Cole          | 1.00     |
| City Restaurant     | 2.00     |
| Philip Miller       | 1.00     |
| Dr. Lowell M. Green | 1.00     |
| Mrs. T. M. Green    | 2.00     |
| Jackson township    | 16.69    |
| Anderson township   | 60.00    |
| Ripley township     | 60.00    |

Total \$1,014.09

Through an oversight Dr. Green's subscription was not reported sooner. He was among the first purchasers of Red Cross Seals.

## COUNCIL MEETS FOR LAST TIME TILL 1921

Abolishes Old Custom of Holding  
Session Last Day in Year  
to Pay All Claims.

### FEED LINE BEING INSTALLED

The city council met last night in regular session for the last time this year, and only the usual routine of business was transacted, with the allowance of the accounts and bills.

The council on former years has advertised for all bids to be presented to the council before the last day of the year, and the passage of these bills has always been made at noon on the last day of the year, but this custom was abolished at the meeting last night.

Supt. A. T. Mahin of the city water and light plant announces that the third electric feed line from the plant is now being installed, and that one section of Rushville has been cut in the new section, which will give more voltage in the homes in Rushville.

He expects to go over all wires in Rushville in an effort to balance the load. The new feed line follows the Pennsylvania railroad to Fifth and then to Main street, and it will be about 60 days before the whole city is affected.

# RESERVATIONS MUST BE SENT BY FRIDAY

Purdue Banquet Committee Wants  
Requisites For Plates Reported  
by December 24.

# TO SHOW BOILERMAKER SPIRIT

All former students and alumni of Purdue university, together with their friends, are urged to send their requisites for plates for the banquet, which has been previously announced for Monday evening, Dec. 27, to R. M. Kincaid of New Salem or D. D. Ball, Rushville, before Friday, as the committee must know the number of reservations by that time. The banquet will be served at 6 p. m. at the Windsor hotel.

The principal address will be delivered by Dr. "Tommy" Moran, known among Purdue students as the "silver tongued orator of Purdue," and talks will also be made by T. A. Coleman, Rush county's first Purdue graduate, and others.

It is announced the banquet has nothing to do with the Purdue Union campaign, but is simply to renew the Purdue spirit in Rush county and show the old "grads" and former students the newly-awakened Boilermaker spirit which exceeds that

which has ever existed on the campus.

# THINGS THE BOYS LONG FOR

Youngsters Prefer Toys or Contrivances to Test Their Muscular Skill or Endurance.

WHAT shall be said of that blundering kindness of home folk that considers giving the boy only presents of such things as he actually needs? It is an outrage upon the spirit of Christmas to present him with new shoes, ties, handkerchiefs—something that he knows he will get anyway—when his sleeping and waking dreams for weeks before have been filled with visions of tops, balls, guns and magic lanterns, says Maud Souder in the Woman's Home Companion. The most beautiful knitted muffler woman's fingers ever constructed cannot compare with a jack-knife with four blades and a cork-screw attachment, when exhibited over the back fence to a neighbor boy on Christmas morning. Very soon after the days of kilts a boy reaches the age when he yearns with his whole soul after any toy or contrivance that will test his muscular skill or endurance. At this age an appropriate present would be a rawhide or rope lariat, such as is used by the Buffalo Bill riders. A pair of hand or arm stilts will be received with equal favor, and in the same category comes a new fishing rod, snow shoes, tennis racket, golf club, a good ball, lamp or cyclometer for his wheel, or even a live pet, a new dog, a pair of rabbits or guinea pigs—something that he can pet and train for his own.

that his daughter Marie was a passenger in the automobile, and that she was 17 years old. He states further that his son Russell was 15 years old and was driving the machine.

The complaint for damages for the automobile in which \$950 judgment is asked, sets out the fact that the machine was totally destroyed beyond repair, and that it was destroyed on account of the unlawful, reckless, careless and negligent operation of the passenger train on the night of October 28.

The complaint which will be filed by Mr. Woods is almost identical to the ones filed by Mr. Cross. The attorneys will attempt to have the cases tried at any early date.

# Christmas Eve in the Home

CHRISTMAS EVE in the home is always a jovial event, or should be. The father has closed his ledger with a "Thank God" that there is now and then a respite from toll from the perplexities and cares of everyday life, an oasis in the desert of the year, and yields himself for the time to the pleasure of creating new joys for the loved ones at the home fireside. The mother's heart overflows with love and thankfulness as she watches the innocent and enthusiastic glances of her little ones over their Christmas gifts. And as for the children themselves, what eternity of time could compensate them for the loss of one Christmas?

Why Druggists Recommend Swamp-Root.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—(Adv.)

WHEN CHRISTMAS WAS YOUNG

To Understand Mysteries of the Yuletide, It Is Necessary to Search Ancient History.

**I**N the midst of the rush and excitement of Christmas preparations certain questions will flash across the mind, and we find ourselves wondering why it is that we do the very same things Christmas after Christmas. Why do we hang stockings, light Christmas trees, trim our homes and have plum pudding? To understand the origin of these customs we must wander far back into the forgotten past—ages before Julius Caesar set foot on British soil, or St. Augustine told the story of the Cross to the men of Kent. Hundreds of years ago—long before the year 1—the ancients, as we call the people of those times, all worshiped the sun, the great giver of light and life. In the month of March they built big fires to it, asking it to shine upon the seeds they had planted and warm them into life. In the autumn they held another festival, thanking the sun for the harvest, and again, in the winter time, they held the greatest festival of all to celebrate the coming of the springtime.

In ancient Egypt, in Assyria, in Greece, on Roman soil and in the northlands these festivals were celebrated year after year and always about the same time, the winter one being held about New Year's time.

Wherever the Roman eagle was found, this feast was called the Saturnalia and it was marked by universal license and good feeling.

All at once Christianity appeared upon the scene. As the policy of the early church was to reconcile heathen converts to the new faith by adopting some of the heathen customs and festivals, the new religion accepted and retained many, and the result, as is easily seen, has been the strange medley of pagan and Christian rites which we use at Christmas time today.

After Britain was Christianized by the Romans, the Saxons and northern tribes came, bringing their old northern rites, and as Christianity at last replaced paganism the Christians kept the old pagan rites, merely changing their meaning.

For many years no two lands celebrated the same day as the birthday of Christ. They did not know the exact day, and we do not know it; but this date has now become the most important one in the world's history.

London, Dec. 22.—Great Britain is considering instating martial law all over Ireland, Sir Greenwood told the house of commons today.

There and Here

You who live in comfort, with well stocked larders and warm fires in your homes, should be thankful that you live in this land of the free.

Millions of people in China are hungry for lack of food. Before another season's crops mature they will be dead. They are so far in the interior that relief can not reach them in time to save life.

Germany, Austria, Hungary Poland, Russia, Czechoslovakia and other sections of the old world are facing the pinch of hunger and are without proper clothing to protect them from the severity of the winter months. Before summer is with us again wholesale starvation will

stalk abroad unless relief reaches them from the outside world.

Relief agencies are at work, and America is supplying most of the funds, but even under the most favorable conditions many of these destitute people will not live to see the sunshining of another spring.

Two years ago we were all speaking of the horrors of war.

Today we are witnessing the appalling conditions that follow a resort to arms.

Sherman was right. War is hell.

It is estimated that the British flag now flies over 955,850 square miles of territory more than it did in 1914. That is equal to about one-third the area of the United States. The American flag flies over no additional territory. There we have one of the reasons why Great Britain is so solicitous of her control over the league of nations, and why this country has no special interest in what the league may do.

W. Z. Foster the radical coddled by Mr. Gompers and put in charge of the steel strike of last year is reported to be organizing the clothing workers, into a rival union to the American Federation of Labor. Gompers has only himself to thank for the prominence that Foster now enjoys. If it had not been for the encouragement given the syndicalists by the labor chief, he would never have been able to exploit himself and stimulate the radical element in this country.

Congressman William R. Wood of Indiana, chairman of the sub-committee in charge of the legislative appropriation bill, which provides the salaries of most of the government employees in Washington, is

reported as saying that \$36,000,000 will be cut from the administration estimate of \$136,000,000. Part of the economy would be the reduction of the force of clerks from approximately 92,000 to 72,000.

Some people are always complaining about the poor purchasing power of the American dollar. But even that has its advantages. It furnishes a good excuse for hanging on to them.

If there is a soul in this community without the wherewithal to get a good Christmas dinner he should have the dinner without the where, etc.

In expressing your thanks for the good things that are yours on Christmas morn, don't forget that the greatest of these are life, and health.

The good book tells us to love our neighbors as ourselves. But, that, in certain cases, might be rough on the neighbor.

It is quite true that woman has a greater influence over man than money, especially if she is his affinity.

Soon, now, we'll be forgetting to write it 1921.

Just when you have about forgotten a disagreeable episode, some fool comes along and reminds you of it.

A girl is always willing to admit that her mother's knowledge is superior so far at kitchen work is concerned.

MYSTERY OF GIRLS' EARS STILL UNSOLVED

Woman's crowning glory, her hair receives at her hands the very best care. Every up-to-date girl prides herself on her tresses and how she wears them. The young lady of today is particularly fond of those little bunches of hair with which she conceals her ears. However, the ear muffs that Miss Flapper-age wears now are nothing new. History relates that they were part of the headdress of the French lady of the Restoration Period. Her coiffure was crowned with an amazing edifice of curls, combs, and lace. Now, in modern times, the hearty laughter that is accorded the witty wordings about ear puffs of cetera, screened in the popular "Topics of the Day" films, is evidence of the general interest in the subject of hair dressing. Whether or not you are interested in how the girls wear their hair, the Daily Republican feels sure that your laughter at the following paragraphs will penetrate ever ear puffs.

## ODD FELLOWS FIVE SHOWS REAL CLASS

Defeats Arlington Athletic Club on  
Local Court Tuesday Night,  
14 to 17

BOTH IN NEW UNIFORMS

Arlington High School Comes From  
Behind and Defeats Webb's  
School, 23 to 16

The Odd Fellows basketball team displayed real class last night and chalked up a victory over the Arlington Athletic Association, winning by the score of 24 to 17. In the preliminary game the Arlington high school won from the Webb high school, 23 to 16.

The Odd Fellows made quite an impression in their new uniforms last night, and it might be because the ball and uniforms were new, that they played harder. Arlington also appeared in new uniforms and both teams presented the appearance of professional players.

The local team started off fast, and managed to chalk up eight points before Arlington could get started. Tittsworth ran the ball down the side line for the first goal, and Petry, back guard, took the ball up the line to within close range and made the second score. Tittsworth again hit the net, and then Shaw, the fast floor guard, made the sensational shot of the evening from the middle of the floor, when he arched the ball up over the rafters and into the net.

Arlington scored their first point on a foul goal and took a spurt shortly afterwards in an effort to catch up with the Odd Fellows, but when the first half ended Rushville was leading 12 to 6.

In the final period of play Arlington again made things uncomfortable for the Odd Fellows when they came within one point of tying the score, 13 to 12.

Many substitutions were made by the Arlington coach in an effort to stop the onrush of the Odd Fellows. The locals continued to make points, and shortly before the whistle blew, the score was 24 to 13, but in the last few seconds Arlington made good on two long shots that brought their side of the score up to 17.

Arlington fought gamely to overcome the lead, all through the game and flashy team work was displayed by both sides. Wicker for Arlington, was their big goal hitter and secured five markers. Rohm and Northam brothers were fast on the floor, and did effective work, but were unable to hit the basket.

The Rushville squad played in good fashion, only slowing up in a few places, but recovering themselves before Arlington could take advantage. The Arlington team no doubt will show up better as the season progresses, the game last night being the third one since they have been organized.

The game was fast, and in many places was rough, only a few fouls being called on either side.

In the preliminary game the Arlington high school was a little slow in getting started, and allowed the Webb team to get ahead. Webb ran the score up to 8, while Arlington was almost helpless, but toward the end of the first half Arlington began to hit the basket, and were leading 10 to 5.

In the last half Arlington had an apparently easy time, and piled up the score to 23 points, while the Webb team fought hard until the end, making 16 points.

The score of the two games:  
Odd Fellows (24) Arlington (17)

were exchanged. Following the social afternoon delicious refreshments were served.

Miss Rema Offutt delightfully entertained the members of the Allways Present Class of the Main Street Christian Sunday School last evening at her home in East Sixth street. This meeting was the annual Christmas party and the guests exchanged Christmas gifts. Following the business meeting, during which the members decided to carry the Christmas cheer to a family Christmas morning, delicious refreshments were served.

Mrs. Albert Updike was a charming hostess for the Inter Nos Club Thursday afternoon of last week. The living room was beautifully decorated with Christmas emblems and with touches of holly. The guests were entertained with contests, readings and Miss Julia Hensler of Madison rendered several beautiful piano selections. Later in the afternoon the hostess served dainty refreshments to the six members and four guests present.

Miss Fern Ormes was delightfully surprised last evening at her home in North Morgan street by a number of her friends, the occasion being in honor of her birthday. A delicious pitch-in supper was enjoyed and the remainder of the evening was spent in music and dancing. The guests were the Misses Leda Hope Green, Fanny Perkins, Hazel Hall, Blanche Young, Ruth Casey, Lillian Culbertson and Mildred Newbold, and Cleo Boldman, Fred Shepherd, Clifford Spacey, Charley Grubbs and Thomas and William Ormes.

Little Frances Eloise Beale, daughter of Mr. and Mrs. Fred Beale entertained thirty of her little friends yesterday afternoon at her home in North Oliver street, honoring her seventh birthday. The hours were from 3:30 to 6:00. The home was prettily decorated for the party with the Christmas colors and a decorated Christmas tree furnished much amusement for the children. The afternoon was enjoyed in playing games and with music, after which they were invited to the dining room where delicious refreshments of ice cream and cake were served.

Mr. and Mrs. Charles Rich entertained the Half Century Club at their home in Dunreith Sunday with a delicious three course chicken dinner. The centerpiece was a beautiful basket of fruit and a lovely bouquet of American Beauty roses. The rooms were decorated with holly and white chrysanthemums. The afternoon was spent in social conversation and music. The club consists of six ladies and their husbands. The ladies were born in the same year, 1870, and were school mates. They are as follows: Mrs. Kate Hall Hopper; Mrs. Dora Hollowell Maxwell; Mrs. Grace Scott Johnson; Mrs. Ollie Ross Rich; and Mrs. Cora Elwell Martin. All were present but Mrs. Maxwell, who at present is in a sanitarium in California but sent an interesting letter.

Fifteen members of the Loyal Daughters' class of the Main street Christian Sunday school were delightfully entertained last evening at the home of Mrs. George R. Baker, in North Main street. The home was prettily decorated in the Christmas colors of red and green and the gaily adorned Christmas tree was the center of attraction during the evening. The usual program was carried out and during the business session election of officers took place. Those elected for the following year are as follows: President, Mrs. Russell Glendenning; vice president, Mrs. John Tompkins; secretary, Mrs. Perry King; assistant secretary, Miss Cornelia Schrieber; treasurer, Mrs. George R. Baker. At the close of the program the exchange of Christmas gifts took place and a delicious two course luncheon was served.

# TANLAC SALES REACH TREMENDOUS TOTAL

Sales for Present Year Show Increase of Almost One Hundred Per Cent Over Last Year.

20,000,000 BOTTLES ARE SOLD IN SIX YEARS

Celebrated Medicine has Become Sensation of Drug Trade All Over America and Canada. Best People of Country Indorse It.

Although placed on sale something over five years ago, the demand for the celebrated medicine, Tanlac, has increased at a most phenomenal rate and announcement has just been made by the manufacturers that the total sales will reach approximately 20,000,000 bottles by the end of the present year.

To say that Tanlac now has the largest sale of any medicine of its kind in the world does not begin to tell the story, for no other preparation has ever even approached the marvelous record that has been made by Tanlac, and it is now conservatively estimated that the sales by the end of the coming year will reach the astonishing total of 30,000,000 bottles.

Tanlac sales last year amounted to 4,079,948 bottles, establishing a new world record for the sale of proprietary medicines up to that time. This record now pales into insignificance, however, as orders received during the first 9 months of the present year reached a total of 6,200,000 bottles, showing an increase of almost 100 per cent over the corresponding period of last year.

The enormous and ever-increasing

popularity of Tanlac is the one great outstanding proof of its merit. The greatest drug firms of the country have voluntarily come forward and stated in plain, cold figures the record breaking sales everywhere. No medicine of less than superlative quality could possibly attain such a huge sales record nor gain, as has Tanlac, the unqualified endorsement of thousands of well known men and women from all parts of the country who stand for the best in their communities.

The greatest test of any medicine is the "repeat" sales it enjoys. Tanlac's phenomenal record has been possible because of the fact that the men and women who buy one bottle invariably return for the second and recommend it to others because it has helped them. Tanlac has been on the market now a little over five years. It has stood the acid test of time. It is known and honored in every city, town, village and hamlet on the American continent from Key West Florida, to the northern wilds of Canada, where even the Indians and fur-traders have learned of its wonderful powers as a medicine.

Tanlac is composed of the most beneficial roots and herbs known to the scientific world. The formula conforms with all National and State Pure Food and Health laws of both the United States and Canada. Although Tanlac's claim for superiority are abundantly supported by leading authorities, it is the people themselves who have made Tanlac what it is.

Millions upon millions of the best people of the country have used it and have told millions of others what it has done for them. That is why Tanlac has become the real sensation of the drug trade all over America.

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

## CRIME WAVE BLAMED ONTO LIQUOR LAWS

Chicago Chief of Police Says That Inability to Get Whiskey is Cause of Crimes

DOPE FIENDS INCLUDED TOO

Chicago, Ill., Dec. 22.—Inability of many idlers to obtain whiskey is the cause of the extent of the crime wave that is sweeping the country, according to the opinion advanced today by Charles Fitzmorris, head of the Chicago police department.

Men who are out of work and unable to get whiskey, the chief states, will turn to the use of dope. The dope fiend's natural trend is toward the criminal class, and they usually travel the criminal road.

"We all know that the dope fiend soon loses his sense of right or wrong and by his association with criminals naturally will lead the criminal life," he added.

Many millionaire residents of Chicago are engaging detectives to guard their homes. A guard of a millionaire home was shot and wounded Sunday night by four men who attempted to hold him up.

A policeman was shot and killed yesterday by eight bandits. He was a guard at Marshal-Field Company. The concern has offered \$1,000 reward for the capture of the murderers.

## TAX BURDENS CITED FOR FALLING PRICES

Financier Asserts That Businesses Are Overtaxed Which is Cause of Present Depression

HITS EXCESS PROFITS TAX

Washington, Dec. 22.—Tax burdens on businesses, is one of the principle causes of the present depression, Henry Kahn, New York financier, told the house ways and means committee today.

There is no deflation now and therefore deflation, as some say, has brought about the present conditions. Kahn declared that the excess profits tax must go.

"In theory it is good but in accordance with the interference with commerce, the disadvantages outway its theoretical advantages," he declared.

"During the last three years the taxation on business has been the cause of the scramble. At present the taxation system has been the cause of the housing shortage. Available supplies of mortgages have been reduced \$165,000,000 in one year.

"The combine return of income and our taxes should not be above 30 percent", Kahn stated.

## TO SAVE GIANT SYCAMORE

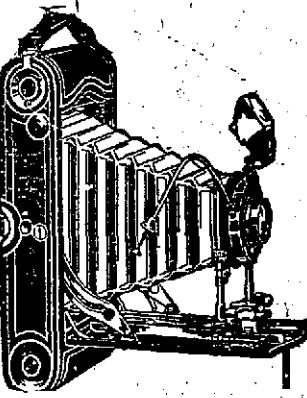

Gibson County, Ill. People File Protests Against Its Destruction

(By United Press)

Washington, Dec. 22.—The American Forestry Association today called upon the people of Gibson County, Ill., to file with the association protests against cutting down a giant sycamore tree near Mt. Carmel, Ill. The association has been asked both by Richard Lieber, of the Department of Conservation of Indiana, and Dr. Robert Ridgway, an ornithologist of Olney, Ill., to take up the fight of the citizens of the two states to save the tree. It is on the ground surveyed for a levee along the Wabash River, but there is no need of destroying this tree, the association says. The tree is the last of twelve giants that were all within a half mile of each

## AN ATHLETE IS UNCROWNED HERO

All Kinds of Sports Are Filled With Thankless Jobs and Star Players Soon Forgotten

### AND HEROES ARE UNSUNG

On The Turf Trainers Are Credited For Less and Do More Than Any Other Sport

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Dec. 9.—Sport is filled with thankless jobs.

All the heroes of the track, the diamond, and the gridiron are not crowned in public.

Heroes unsung in great numbers work in the dark, keep under cover at vitally important duties helping others into the hall of fame.

The lineman on the Varsity team forces and is buried under a pile of flesh-filled jerseys while the back field star rushes through in the spotlight and gets the cheers.

The hard working catcher holds up the pitcher, directs the defense of the nine, but the hurler gets the credit.

Thankless jobs there are beyond enumeration, but the trainer gets the least credit of all.

On the turf, perhaps the trainer does more and is credited for less than in any line of sport.

He keeps the stable in condition, primes the horse for a race and the jockey goes out and gets the laurels.

Louis Feustel, trainer and developer of the great Man o' War, is one of the first to come in for his just share of honor for giving to the American turf what has been judged the greatest horse that ever lived. And Samuel C. Riddle, owner of the equine king, saw to it that he was not overlooked.

At a dinner of turfmen here recently Riddle told the story that the publicity-dodging trainer never would have made known.

Feustel was having a run of hard luck. His stable had dwindled to one lone runner that wasn't paying the oats bill.

Feustel was about to give up the track and seek a job as a policeman in New York to tide him over until things got better.

He was tipped off to a promising yearling at the Saratoga sale, but was disappointed to learn that the youngster had been sold.

Running down the stalls he came across a sleek, smart looking chestnut colt and he bought him for \$5,000.

It was the great Man o' War, which couldn't be bought now for a half-million a winner of about \$300,000 and the holder of several world's records.

Riddle gave all the credit to Feustel. He pointed him out as the real man behind Man o' War. He trained him to the finest point of form for two years. He sent him to the post twenty-one times for twenty victories. He had him where most any jockey could ride him ahead of the best field.

Feustel got his credit. He didn't seek the honors. They were forced on him.

Some day perhaps all the unsung heroes will get their just dues.

### TOY TREE TABLE DECORATION

Miniature Christmas Emblem May Be Surrounded With Presents Tied With Red Ribbon.

DECORATE the table with a Christmas tree, one of the toy ones, and pile around its foot a quantity of presents tied with red ribbons. These should be only what a college man would call "grinds"—perhaps a tiny tin piano for a would-be performer, a lantern for the one the points of whose jokes are difficult to see, a placid paper golf bag for the enthusiastic player, and so on, each with a rhyme or quotation, says Harper's Bazar. If one considers a goose a somewhat undignified bird, ducks may be exchanged for it, either the domestic fowl or the more expensive canvas-back or redhead. Fried celery is very good with duck, the crispest pieces dropped in batter and then cooked in deep fat. But the apple sauce croquettes should not be omitted even with this. For this informal dinner there is a very good and innocuous drink to serve with the heavy course—sweet cider, spiced and sugared to taste, cooked ten minutes and served hot.

**A Dream Came True**  
Enid Bennett, playing the part of Marjorie Bowen will be seen tonight at the Princess theater in, "Silk Hosiery", a Thomas H. Ince production of unusual merit.

Marjorie Bowen, a romantic minded model, reads many popular novels, but sees little signs of romance ever entering her own life. One day, Sir Leeds enters the shop and Marjorie's heart beats wildly until it develops that he has come to meet Yvette Fernau, his fiancée. Her hopes vanish and in despair she puts on one of Yvette's gorgeous gowns and dreams. Suddenly, from out of the pages of the novels about her, step various interesting characters. She overhears Yvette and Cad Jones plot to steal the jewels of a Prince, together with an incriminating letter sent by the Prince to a society woman. These they purpose to sell to the enemies of the Prince. Yvette is kidnapped by two thugs, and Leeds' capture follows. Marjorie is freed by the thugs who believe her to be Yvette and she in turn releases Leeds.

Marjorie subsequently comes upon Yvette as she is about to steal the Prince's gems from a safe and is arrested when Yvette accuses her of stealing the jewels. The Prince presents the jewels to her and Leeds offers her his love. He escorts her back to the modiste's shop. And then Marjorie's roommate, alarmed by her absence goes to the shop and finds Marjorie fast asleep in Yvette's gown! It's all been a dream!

**"The Charm School"**

In putting on the stage a dramatization of Alice Duer Miller's delightful story "The Charm School", which is the coming attraction at the Shubert-Murat Theatre, Indianapolis, commencing Monday, December 27 with matinee on Wednesday and Saturday, and which has been so widely read, Robert Milton, hitherto recognized as one of the most notable stage directors identified with the present day theater in America enters the ranks of producing managers. While it is the first play to be sponsored by Mr. Milton in a managerial capacity, the production of "The Charm School" has the benefit of his wide knowledge and experience which has previously found expression in a series of such notable musical and dramatic successes as "Upstairs and Down", "The Conderella Man", "Friendly Enemies", "Adam and Eva," the Princess Theatre New York musical shows and others, all of which were staged by him.

The story of "The Charm School" is too well known to bear relating at this time, other than to say that Mrs. Miller's fascinating romance is written around a chap hardly out

of his teens, who inherits from a maiden aunt a girl's boarding school and tries to run it according to his own unique and humorous ideas. The story has been transferred from the printed page to the stage without losing any of the engaging charm that has made the book so popular. The footlight version will have the added advantage of introducing several incidental musical numbers by Jerome Kern, and with the array of youth and talent which Mr. Milton has gathered as a decorative background, the performance should claim attention as one of the most artistic and appealing novelties of the season.

"The Charm School" is in three acts, the scenes being laid in New York and the main hall of a girl's boarding school in a small Connecticut town. The cast is an imposing one.

**Harry Carey at The Mystic**

Harry Carey, the outstanding western star of the cinema, is announced for the Mystic Theatre today in his latest Universal feature under the direction of Reeves Eason "Blue Streak McCoy," a story of H. H. Van Loan, the author of many of the most notable screen successes.

"Fightin' Job McCoy" is found soon after the memorable June 30, 1919 mourning the loss of his friend "John B." The Border Rangers offer excitement and adventure to keep his mind busy, so Job enlists. His activities put him in close touch with mining interests in that section, and especially one operator, Howard Marlowe, his wife and young niece who awakens in Job thoughts of a brighter future.

An unscrupulous official of the mine, connives to steal both Marlowe's gold bullion and his wife. Job suspects the scheming Otis and is able to frustrate the well-planned robbery of the strong box. The official's Spanish sweetheart, learning of the duplicity of Otis, warns Job of the intended elopement, and by appealing to the better nature of Marlowe's wife persuades her to return to her husband, who is none the wiser for her folly. The bitterness of Otis, however, leads him to seek revenge, and in the fight which follows Marlowe learns of the debt he owes to Job.

Does the Ranger ask for some of Marlowe's wealth, or for his beautiful piece whom he loves? He asks for neither gift. The answer must be found in the photodrama which is heralded as one of the season's best productions of its kind.

## LEGISLATURE WILL HOLD A BARBECUE

Party Differences Will be Forgotten and Men Will Hold a Big Feast at Fair Grounds

A PITCH-IN AFFAIR TOO

(By United Press)

Indianapolis, Ind., Dec. 22.—

Party lines will be let down shortly after the 72nd assembly of the 1921 legislature convenes here in January and all members of both the house and senate will be invited to attend a barbecue which is being planned by members of the house.

Farmer members of the house have already pledged enough hogs, sheep, and calves to go round to the members of the assembly as well as newspaper men who are assigned to cover the session.

The love feast is to be prepared by Charles Kares, republican member of the house who is listed in the legislative directory as a bar-becueist. Kares already promises the members that he will prepare the feast.

Rep. Kares has put a ban on beef. He says it "barbecues" too dry, and according to members from his home town he ought to know as he has been making big money in the business at Evansville.

Rep. Rowbottom has been appointed a committee to one to obtain a building at the state fair grounds where the feast is to be held.

BE SURE GIFTS WILL PLEASE

In Making Same Articles for Friends It Is Well to Be Sure of Appreciation.

WOMAN tells in recently published magazines how she has a "pillow Christmas" for the benefit of her

many friends. She consulted the piece bag, and from it drew forth the materials for making any quantity of dainty sofa pillows, all destined for different friends.

The cost of the materials was chiefly that spent for silk cards, for embroidery silk and for filling for the completed pillows. Nearly all the pillows were made by cutting figures cut from contrasting materials on a chosen background, and the result was completed.

The very same idea might also be carried into effect for the gift which is to make dainty stockings. There is no reason why the prevailing styles of recent such a dainty array of stockings, and a box of assorted colors and kinds would be welcomed by any girl friend.

There is no reason why the piece bag all sorts of bits of silk and cotton which could be fashioned into the daintiest of dressy stockings, as well as bits of lawn and percale which would do nicely for stockings for every day wear with cotton shirt waists.

The gift of a box of stockings might be made valuable if the box itself was a thing of beauty, and this could be brought to pass by the girl who is expert with her needle. Giving the same sort of gift to a large number of people is perfectly proper if the gift is one which is calculated to please everybody.

We've heard the story of a nice old lady who always made pin-cushions for all her nieces and nephews for all her nephews every year. It was said that her plan gave great pleasure to one person, the aunt. It's a good idea to be sure your gifts will be appreciated before you go into the wholesale manufacture of one style of article for many people.

## Run Down?

Kidney and bladder troubles are not limited to men. Housework, or work in office or factory, causes women to suffer from weak, overworked or diseased kidneys. The symptoms are—puffiness under the eyes, yellow skin, constant tired feeling, lack of ambition, nervous condition, backache, rheumatic pains, sore muscles, stiff joints.

## Foley Kidney Pills

get right at the cause of suffering and misery, regulate the kidneys and bladder and restore the diseased organs to sound and healthy condition.

Mrs. Wm. Fischer, 2009 Woodbourne Ave., Louisville, Ky., writes: "I am just getting along now. I am taking Foley Kidney Pills every other night. You should have seen me before I started. I was yellow as gold, now my eyes and skin are all cleared up. My kidneys do not bother me at night any more. If it will help some other poor soul who is suffering you may use my name whenever your medicine is advertised."

## A New Adventure in Friendship

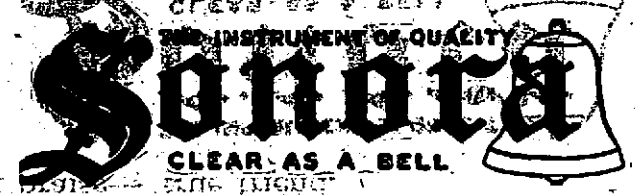

"My husband claims his dog is his most satisfactory friend. I claim mine is Sonora," declared a young matron the other day.

Well might she say it. Sonora offers versatile companionship for every occasion and mood.

Its graceful appearance and high-grade cabinet work lend beauty and culture to the home.

Its world-wide reputation is a pleasant and flattering thing to be associated with.

But best of all, its uniquely human quality of tone gives it a beloved personality which makes it warrant that highest praise—"true friend."

All makes of records are played perfectly by Sonora.

All gradations of volume, from the softest strains for an audience close at hand to the powerful swell for a large concert hall, can be had on Sonora without the slightest impairment of clarity and beauty of tone. A tone modifier which controls at the source instead of the exit, accomplishes this.

Rewinding after every other record is unnecessary on Sonora. An extra long-running motor plays from 35 to 45 minutes (according to the model) at a single winding. There is no pounding or thumping with a Sonora motor. It runs with the silence and reliability of a delicate, jewel-movement watch.

Metallic harshness and blurring of tone is never heard on a Sonora. Its vibrating tone passage, especially designed by scientific, patented process, prevents this. The mellowness of wood and the exclusive features of construction produce a tone as warm and rich and vibrantly alive as the original.

You have only to hear the Sonora tone once to understand why a competent jury of experts at the Panama-Pacific exposition awarded highest score for tone to the Sonora phonograph. It is the master of phonographic music.
